Go for Goal Soccer Camp

For new and recreational players, as well as those playing on competitive teams. Skill areas include dribbling, passing, trapping and shooting. Players will also learn the basics of attacking and defending in one on one and small group situations. Topics will be developed in drills and in small sided games.

Open to players of all levels.

- ⊗ T-shirts will be given to all players.
- ⊗ Please bring some cleats, shin guards, water, sun block, and proper soccer attire.

Our camp is based on two proven concepts: **SOCCER IS FUN** and **LEARNING IS WINNING.** The soccer is fun program teaches young players the game and its elements through fun activities and small sided games. The old method of drills is a thing of the past. Students only learn when they have fun in the activities their involved in. The learning is winning program emphasizes the use of learned skills in the games they play. Thus, scoring is based on a player's willingness to display the skills in a game environment. The successful execution of a movement or skill is the payoff for their hard work!

"CERF" Philosophy

- ⊗ Keep it Competitive for all players
- ⊗ Educate players through drills and small sided games.
- ⊗ No more than 10:1 player/coach Ratio
- ⊗ Maintain it Fun for players

The fee is \$150.00 for the 4 days, which includes a t-shirt. **ALL DAY COST IS \$200.00**

Any questions or concerns, please contact Sal Lopez, at 626.422.6480.
